Société historique du Canada

Founded in 1922, the Canadian Historical Association (CHA) is an internationally recognized, bilingual association committed to encouraging historical research and public interest in history, promoting the preservation of historic sites and buildings, and publishing historical works and documents. It lobbies archives, museums, governments, and granting agencies in the interest of historians, particularly on issues relating to the preservation of heritage materials and public access to historical documents. Many members are professional historians, but the CHA also encourages anyone with an interest in history to join.

Membership categories include professional, sustaining, general, student, and emeritus as well as affiliated society and institutional members. All members receive:

- the Association's *Bulletin*, a newsletter with topical articles, information on forthcoming conferences, fellowships and research grants, and news from historians and archives across Canada.
- the annual *Journal of the CHA* with the best papers presented at the annual conference;
- an average of two *Historical Booklets* annually as well as booklets from *Canada's Ethnic Group* series.

Other services include a subscription service to numerous learned journals, and a defence fund to protect members when legal costs arise from their work.
