Thank you to the guest editors and reviewers who have contributed their valuable time and expertise to the scientific publishing and peer review process on behalf of the journal. We are very appreciative of your efforts and volunteered time in assisting the editor to make timely and informed decisions on the submissions published in 2017 and 2018 and those manuscripts that went through the peer review process but were withdrawn by authors or not accepted for publication in the journal.

**L'Association géologique du Canada (AGC), l'Association minéralogique du Canada (AMC) et la section nationale Canadienne de l'Association internationale des hydrogéologues (AIH/SNC) vous invitent cordialement à vous joindre à eux pendant la conférence AGC-AMC-AIH/SNC, qui se tiendra du 12 au 15 mai 2019 dans la ville historique de Québec, site du patrimoine mondial de l'UNESCO. Les participants auront l'opportunité de visiter et vivre le charme et l'hospitalité de cette merveilleuse ville ainsi que d'explorer ses nombreux sites naturels avoisinants.**

Sous la bannière "Où les géosciences convergent", le comité organisateur tient à promouvoir la collaboration et les échanges stimulants entre géologues, minéralogistes, pétrologues, hydrogéologues, géophysiciens et géochimistes. La conférence mettra l'emphasis sur les thèmes suivants:

- Géosystèmes et hydrogéo-systèmes;
- Ressources minérales, énergie et environnement;
- Science des données en géoscience;
- Géosciences et société

**Sessions générales incluant:**

- Minéralogie et cristallographie;
- Pétrologie ignée et métamorphique;
- Sédimentologie, stratigraphie et paléontologie;
- Géophysique;
- Géologie structurale et tectonique;
- Hydrogéologie générale;
- Géologie glaciaire et géomorphologie au Canada.

**The Geological Association of Canada (GAC®), the Mineralogical Association of Canada (MAC) and the Canadian National Chapter of the International Association of Hydrogeologists (IAH/CNC) invite you to join them at the joint GAC-MAC-IAH/CNC meeting from May 12<sup>th</sup> to 15<sup>th</sup> 2019 in historic Québec City, a UNESCO World Heritage site. Participants will have the opportunity to visit and discover the warmth and charm of this beautiful city and to explore its many attractive nearby natural sites.**

Under the theme "Where Geosciences Converge", the organizing committee wishes to promote collaboration and stimulating discussions among geologists, mineralogists, petrologists, hydrogeologists, geophysicists and geochemists. The conference will highlight the following themes:

- Geosystems and hydro-geosystems;
- Resources, energy and environment;
- Data science for geosciences;
- Geosciences and society

**General Sessions including:**

- Mineralogy and crystallography;
- Igneous and metamorphic petrology;
- Sedimentology, stratigraphy and paleontology;
- Geophysics;
- Structural geology and tectonics;
- General hydrogeology;
- Glacial geology and geomorphology in Canada.
