## INFORMATION FOR AUTHORS

### SUBMISSION GUIDELINES

1. The article text should be typed, double-spaced (including explanatory endnotes, quotations, song texts, Reference List, and captions for figures and illustrations) and submitted as an attached electronic file (Word format). Parenthetical quotations longer than three lines should be separate and indented on the left side of the page. Articles are normally between 5,000-7,000 words.
2. As each article is assessed by two anonymous referees, information identifying the author should appear only in the e-mail message to the Editor.
3. Parenthetical documentation for references should be used in the text, with full bibliographic references given in a list of References at the end of the article. Endnotes at the end of the article should be reserved for explanatory material. The Journal follows the author-date format in the Reference list.
4. Musical figures, graphics, and tables should be in separate files with explicit indication of where they should be inserted in the article text. All figures, graphics, and tables should carry complete captions, including full identification of the item and all necessary credits and acknowledgements. The author of the article is responsible for obtaining permissions for the use of copyrighted materials, as well as permissions of other materials, where appropriate.

5. Authors should provide an abstract (up to 100 words) as well as biographical note (not more than 70 words), typed and double-spaced in separate files accompanying the article.

## SUBMISSION PROCESS

A manuscript is assessed first by the Journal editor, who determines if it is of sufficient interest to proceed to the next step, which is to send the manuscript to two external referees. The referees write evaluations and recommendations, sometimes with suggestions for revisions. These assessments are sent to the editor who either rejects the manuscript, postpones a decision while suggesting revisions, or accepts the manuscript in its present state. The referee's assessments and recommendations are forwarded anonymously to the manuscript's author, along with the editor's decisions. The review process normally takes between four and five months.

Authors should also consult the "Publications" link on the Society's website:  
[www.yorku.ca/cstm](http://www.yorku.ca/cstm)

Publishers should submit books, videos, CDs, etc. for possible review to the Editor.
