

## Volume 27 1991

### Year-End Author Index

- Akhavi, M.S.** Specification of earth resources satellites and their utility for environmental geology, 146.
- Aksu, A.**, see Proudfoot, D.N., 242.
- Allen, P. and Keenlyside, D.** Paleo-Indian in the Maritimes, 230.
- Aylsworth, J.M., Bélanger, J.R., Courtney, S., and Prigent, A.** Applications of Geographic Information Systems in Quaternary geology, 230.
- Avery, M.P.**, see Mukhopadhyay, P.K., 158.
- Balzer, S.A. and Broster, B.E.** Glacial dispersion of clast lithologies: Lake George area, New Brunswick, 230.
- Barkley, D.J.**, see McCready, R.G.L., 156.
- Barr, S.M.**, see McMullin, D.W.A., 157.
- Barr, S.M., White, C.E., Bevier, M.L., and Hegner, E.** Late Precambrian-Cambrian magmatic evolution of southern New Brunswick and southeastern Cape Breton Island, Nova Scotia, 146.
- Beaumont-Smith, C.J. and Williams, P.F.** Textural development in experimental shear zones using analogue materials, 146.
- Bechard, G.**, see McCready, R.G.L., 156.
- Bélanger, J.R.**, see Aylsworth, J.M., 230.
- Bennett, V.**, see Harper, J.D., 173.
- Bevier, M.L.**, see Barr, S.M., 146.
- Bishop, E.**, see Yeo, G., 166.
- Black, H.O.**, see Rawlence, D.J., 243.
- Blackwell, B., Schwarcz, H.P., Schick, K., Toth, N., and Porat, N.** ESR dating of tooth enamel at Longola Spring Mound, Zambia, 231.
- Blake, W., Jr.** Timing and pattern of glacial retreat, east-central Ellesmere Island and northwestern Greenland, 231.
- Bobrowsky, P. and Clague, J.J.** Late glacial and post-glacial history of the Tofino area, British Columbia, 232.
- Boehner, R.C.**, see Ryan, R.J., 162.
- Boehner, R.C.** Seismic interpretation, potential overthrust geology and mineral deposits in the Kennetcook Basin, Nova Scotia, 147.
- Borns, H.W., Jr. and Dorion, C.C.** Glacial-marine events in Maine during the Late Wisconsin deglaciation, 232.
- Botsford, J. and Ledrew, B.** Trends in the earth science education in the schools, 170.
- Bouchard, M. and Shilts, W.W.** Organic sediment load in modern glaciers, Bylot Island, Northwest Territories, 232.
- Bowlby, J.R.**, see Wallach, J.L., 246.
- Boyce, W.D.** Computer reconstructions of trilobites: a practical example, 170.
- Bray, D.I.**, see Violette, G.G., 245.
- Brenchley, P.J.**, see Pickerill, R.K., 73.
- Briggins, D., Moerman, D., and Rowe, R.** Nova Scotia farm well water quality assurance study, 147.
- Brinsmead, R.A.** Clean Water Act of New Brunswick and municipal wellfield protection program, 148.
- Broster, B.E.**, see Balzer, S.A., 230.
- Broster, B.E.**, see Hornibrook, E.R.C., 199.
- Broster, B.E.**, see Hornibrook, E.R.C., 230.
- Broster, B.E.**, see Hornibrook, E.R.C., 235.
- Broster, B.E.** Application of glacial geology in the assessment of neotectonics in coastal environments, 233.
- Buckley, D.E.** Halifax Harbour: the sedimentary record of a century of contamination, 148.
- Burse, G.G. and Edwards, T.W.D.** A field study using the stable isotopes of oxygen and hydrogen to calculate evaporation, 171.
- Calder, J.H.**, see Ryan, R.J., 162.
- Campbell, I.D.** Modelling the dynamics of southern Ontario forest during the Little Ice Age, 233.
- Campbell, I.D. and McAndrews, J.H.** CANPLOT: A PC-based program for plotting camera-ready pollen diagrams on a laser printer, 234.
- Catto, N.**, see House, R., 236.
- Catto, N.**, see Scott, S., 181.
- Catto, N.**, see Scott, S., 243.
- Catto, N.** Gravel-dominated tidal flat, Come-By-Chance, Newfoundland: a coastline conditioned by glaciofluvial sedimentation, 234.
- Catto, N.** Quaternary and environmental geology of the proposed Site C hydroelectric dam Peace River region, British Columbia, 171.

- Chatterjee, A.K. and Giles, P.S.** An occurrence of subsilicic orthopyroxene and Opx-Sp-Ru-Qtz assemblage in xenoliths of the Tangier Dike, southern Nova Scotia, 148.
- Chatterjee, A.K. and Ham, L.J.** U-Th-Pb systematics of the South Mountain Batholith, Nova Scotia, 149.
- Chatterjee, A.K. and Horne, R.J.** Variations in LIL elements, HFS elements and REES within the Davis Lake Pluton, southwestern Nova Scotia, 149.
- Chatterjee, A.K. and MacDonald, M.A.** Contrasting greisens and associated granitoid rocks of the Davis Lake Pluton: implications for the origin of the East Kemptville tin deposit, Nova Scotia, 150.
- Chatterjee, A.K. and Smith, P.K.** Potential source rocks for gold in Meguma-hosted auriferous vein deposits, Nova Scotia, 150.
- Chatterton, B.E.C.** Book review of Sunwaptan (Upper Cambrian) trilobites of the Cow Head Group, western Newfoundland, Canada. R. Ludvigsen, S.R. Westrop and C.H. Kindle, 79.
- Chmura, G.L.**, see Mathison, S.W., 238.
- Clague, J.J.**, see Bobrowsky, P., 232.
- Clair, T.A.** Effects of natural organic acids on determining the inorganic chemistry of freshwaters, 151.
- Clark, J.I.**, see Woodworth-Lynas, C.M.T., 180.
- Corney, R., Waldron, J.W.F., and Stockmal, G.S.** Sedimentation at the Appalachian thrust front, Port Au Port Peninsula, western Newfoundland, 151.
- Cottingham, R.** Geology - applications in engineering and the environment in Newfoundland and Labrador, 172.
- Courtney, R.**, see Keen, M.J., 154.
- Courtney, S.**, see Alysforth, J.M., 230.
- Crane, K.G.**, see McCready, R.G.L., 156.
- Cwynar, L.C.**, see Mayle, F., 238.
- Davis, L.**, see Scott, W.J., 178.
- DesRoches, K.** The effects of uncertainty on compaction, pressure, temperature and maturity modelling of the Sable Subbasin, 248.
- Dickinson, A.**, see Yeo, G., 166.
- Dionne, J.C.** A reappraisal of postglacial uplift, south shore of the St. Lawrence estuary, Québec, 234.
- Dorion, C.C.**, see Borns, H.W., Jr., 232.
- Dunn, C.E.** The move towards environmental geochemistry, 172.
- Dunning, G.R.**, see Jackson, S.E., 174.
- Dunning, G.R.**, see O'Brien, B.H., 159.
- Durling, P. and Marillier, F.** Structural features map in the Magdalen Basin, from seismic reflection data, 151.
- Easton, N.A.** Inundated cultural deposits from Montague Harbour, British Columbia: implications for post-glacial human occupation on the Pacific coast, 235.
- Edwards, T.W.D.**, see Bursey, G.G., 171.
- Emory-Moore, M.**, see Scott, W.J., 178.
- Evans, D.T.W.**, see Wilton, D.H.C., 179.
