

THE INTERNATIONAL HYDROGRAPHIC REVIEW

**INTERNATIONAL HYDROGRAPHIC BUREAU
MONACO**

Page intentionnally left blank

Contents

□ Editorial

By Adam J. Kerr, Editor 5

□ Articles

- **Foundations for “International cooperation in the field of hydrography”: some Contributions by British Admiralty Hydrographers, 1795-1855.** 6
By Adrian Webb (UK)

- **From 19th Century to present: changes in hydrographic surveying techniques and determination of sounding accuracy.** 15
By Katherine Cronin (The Netherlands) and Robert Devoy (Ireland)

- **Multibeam Crosscheck Analysis-a case study.** 25
By Jorgen Eeg (Denmark)

- **A Quality Estimator of Acoustic Sounding Detection.** 34
By Xavier Lurton, Yoann Lacroix and Jean-Marie Augustin (France)

- **Presenting an automated calibration procedure for an airborne lidar system and its potential application to acoustic hydrography.** 45
By Michael Gonsalves (USA)

- **Modelling Uncertainty Caused by Internal Waves on the Accuracy of MBES.** 55
By Travis Hamilton and Jonathan Beaudoin (Canada)

- **ECDIS-GNSS combined to improve Marine Traffic Safety.** 66
By Captain Rosario La Pira (Italy)

□ Notes

- **Renaissance of cartography in Equatorial Guinea.** 81
By Laurent Louvart (France)

- **Tide Analyses from Bathymetric Soundings.** 85
By Alex Osborne (UK)
