

THE INTERNATIONAL HYDROGRAPHIC REVIEW

**INTERNATIONAL HYDROGRAPHIC BUREAU
MONACO**

Page intentionally left blank

Contents

□ Editorial

By Ian Hall, Editor 5

□ Articles

- **Bridging GPS outages using spectral fusion and neural network models in support of multibeam hydrography.** 7

by A. El-Assal (Egypt), A. El-Rabbany (Canada) and S. Mesbah (Egypt)

- **Underwater Acoustics and Depth Uncertainties in the Tropics.** 14

by O. Anejionu (Nigeria) and O.Ojinnaka (Nigeria)

- **Hydrography at Master and IHO cat-A Level at ENSTA-Bretagne.** 24

by N. Seube, N. Debese, R. Moitié (France).

- **A Coherent Tidal Datum for the Torres Strait.** 33

by D.R. Metters and R.I. Pedderson (Australia).

- **The transformation of SHOM.** 43

by G. Bessero (France).

- **Multibeam Sonar Performance Analysis - Value and Use of Statistical Techniques.** 52

by C.Whittaker, S. Sebastian, D. H. Fabre (USA).

□ Notes

- **Saudi Arabia Survey Vessel.** 67

by The King Abdulaziz University.

- **HYDRO2011 - Hosted by the Australian Hydrographic Society.** 69

by the Australasian Hydrographic Society.

- **HYDROIND 2011 - Address by the Chief of the Naval Staff.** 70

by Admiral Nirmal Verma (CNS).

□ General Information

Book review:

- **“Integrated Bridge Systems” (2nd Volume)** 75

by Andy Norris.
