The Admiralty Method of Tidal Prediction, N.P. 159

Page 78, line 18 : for "$h = 280.190 + ...$"
read "$h = 280.190 - ....$".

At bottom of page, add note :

"NOTE. The formulae for *s, h, p* and N can only be used for the years 1900 to 2100 inclusive. Outside this period, corrections are necessary in the Leap Year calculations."
