UNITED STATES OF AMERICA

DIRECTING COMMITTEE

President: Rear-Admiral A. P. NIBLACK, United States Navy (retired).
Directors: Ingénieur Hydrographe Général de réserve
 P. DE VANSAY DE BLAVOUS, (Marine Française).
 Capitano di Vascello L. TONTA, (Regia Marina Italiana).

SECRETARY GENERAL

Commander G. B. SPICER-SIMSON, D. S. O., Royal British Navy (retired)

IMPORTANT NOTICE

CONSIGNMENTS TO THE BUREAU

The French Government has kindly consented to permit all instruments, documents and other articles necessary for the work of the Bureau to be imported from other countries free of all customs dues provided that the Ministry of Finance receives previous notification of the proposed importation.

The Secretary-General should therefore be notified in advance of the intended despatch of any such articles and information on the following subjects should be given at the same time: —

- (A) *Name of sender ;*
- (B) *Number of packages ;*
- (C) *Types of packages (box, bale, etc.) ;*
- (D) *Marks on the packages ;*
- (E) *Weight of each package ;*
- (F) *Schedule of contents ;*
- (G) *Date of despatch ;*
- (H) *Probable date of arrival at Nice ;*
- (I) *Means of transport (Parcels post, steamer, rail, etc.).*

Unless this information is given in advance the full customs dues are payable and these fall on the Bureau.

In order that they may be examined by the customs at NICE (Alpes-Maritimes, France), which is the customs headquarters, as far as the Bureau is concerned, all packages should be addressed as follows :

M. LE SECRETAIRE-GÉNÉRAL

BUREAU HYDROGRAPHIQUE INTERNATIONAL

MONACO (Principauté).

EN DOUANE A NICE (France)

LIST OF CONTENTS

	<i>Pages</i>
The German Surveying Vessels.....	9
Organisation of the Spanish Hydrographic Service.....	11
Record of the Hydrographic Work undertaken by the Russian Navy during the past century	17
On the Reliability of Aerial Fog Signals (M. P. COLLINDER, M. A.).....	25
Hydrographic Datum Planes (H. A. MARMER).....	37
Co-operation of the International Hydrographic Bureau with other International Organisations, (A. P. NIBLACK).	53
Various Interpretations of a Ballot (P. DE VANSAY DE BLAVOUS).	59
Magnetic Charts (P. DE VANSAY DE BLAVOUS).....	67
Notes and Tables on Polar Cartography (L. TONTA).....	83
The Radio-Acoustic Position by three time intervals (L. TONTA), Director of the I. H. B.....	111
Radio-Acoustic Position Line (I. J. RICHMOND, B. Sc.).....	119
A study of the Tide Tables published by the different Nations (.H BENCKER).....	127
Directional Wireless as an Aid to Navigation.....	151
The apparatus of Alfred MERZ for measuring strong and weak current flow.....	157
Unusual Tidal Movements in the Sulu Sea (Frank J. HAIGHT).....	163
Note on the Standardisation of Radio Time Signals.....	171
Sound Signals.....	175
A new Concept of Surface Ocean Currents.....	181
Soundings of the Deeps in the vicinity of Japan.....	187
Use of Aircraft in Surveying.....	189
Dutch Pendulum Observations in the Atlantic, the Pacific and the Indian Oceans.....	191
The Flow of Water through the Straits of Dover as gauged by continuous current metre observations at the Varne Light Vessel.....	193
Narrative Account of the "Marion" Expedition (Edward H. SMITH).	197
Results of the Tests made on the Loth Cable in the Harbour of Corogne.....	205
United States of America, Tide Stations where three or more years of observations have been obtained (1927)	211
A method for the accurate measurement of short time intervals (Harvey L. CURTIS and Robert C. DUNCAN)	213
Sounding Machines used by the U. S. C. & G. Survey.	215
Floating Signals used by U. S. C. & G. Survey.....	219
The Illumination of the Bubble of a Spherical Level.....	221
The Stereo-Autotachygraph.....	223
Portable Chronograph.....	225
Internal Focussing Anallatic Tacheometer.....	227
Buchanan-Wollaston Recording Current Meter.....	231
The Chernikeeff Electric Log.....	233
A water-level gauge of the long-distance recording type.....	235
The Cambridge University East Greenland Expedition 1926.....	237
