

A report was brought in by this group and will be presented to the Saint John Law Society at its annual meeting. It is to be hoped that the Saint John Law Society will vote in favor of the establishment in Saint John of a Legal Aid Bureau.

It is also to be hoped that other cities throughout the Province will follow the example set by Saint John.

For the record: Mr. Guss has written to lawyers in Fredericton and in Moncton and has also been in touch with the welfare bodies in Saint John and we understand they are heartily in favor that something be done. In other words, it is now up to the Law Society.

### THE BUSINESS MANAGER WRITES—

It is rare that the Business Manager of a publication has an opportunity to express his thoughts in print, and I am thankful for the invitation I have received to do so.

Our publication, as you no doubt know, is distributed without charge to all the members of the Bench and Bar in the Province. This is done so that we may reach all the barristers and judges, without having to depend on their memories to begin and renew their subscriptions. This places the burden of the cost of publication on those people who insert business cards or advertisements in the issues as they are put out.

We wish to thank the Barristers Society of the Province for their support and financial aid. Also, we wish to express our appreciation to the Barristers of the Province and the others who place their insertion in "Oyez, Oyez." We have many difficulties to overcome in our attempt to carry on. Without this help it would be impossible.

I personally wish to thank the members of the Business Staff who have worked with me for the past two years. The assistance and co-operation they have given me has been most heartening.

DOUGLAS E. RICE.
