The Annual Law School Ball was held in the Georgian Ball Room on October 24th. Under the chairmanship of R. McLaughlin, the Ball was greatly enjoyed by both students and their friends. The financial report on the dance was more than satisfactory in that for the first time in years the Ball did not show a deficit.

ATHLETIC COMMITTEE

Students at Law School still occasionally find time for exercises more strenuous than wrestling with the problems of Specific Performance and "obiter dicta." Bowling is one of the favorite sports and is participated in by both the male students and the co-eds. During the fall season a competition was run between new students and the old, with the outcome being in favor of those with the greater background of legal knowledge.

During the first session of studies, bowling occupied the major position in the sports world. After the holidays, however, plans have been laid for a variety of winter sports with skiing, skating and sleighing parties on the schedule. The last mentioned item is held in high esteem by all members of the student body, even including the wives of the married males.
